What is a symbolism about the hat in Little Travellers?

According to Andrea and Roman Bonsovic, the hat with a star which is yellow in color may represents the traveller's hometown. The hat is blue on the back and brim and white on the front.

Designer's impression:

In reality, it was confirmed that some sublimation merchandise can even add a yellow star on the blue hat that is thicker informant. Notable traveller like Ciawen in Tanpieng co are among the example.

From our word Cidermin Tanpieng co:

On July 7, 2024 I went to Cebu by a boat and I arrived in July 8, 2024, after I travelled, I able to remembered what travellers needed.

I also noted that the hat I wore is based on the one Patrick Cor (Patrik in Slovak language) in the book Malý Čestovateľ.

In the end, I am certified a traveller already since my age.
